In the roll of freelance graphic / visual designer I worked on different kinds of projects. This varied from brand identities, websites, mobile applications, banner campaigns to name a few. Clients that I worked on or for: Nike, Heineken, Mercedes Benz, Philips, ABN Ambro Bank, Norvell Jefferson, BBDO Impact Proximity, Fabrique, Yours & SIRE.

Rotterdam Zuid Basketball

2017 - Present

The club got in bad weather financially because of previous policy. Together with the president & treasurer we are to get the club back to prosperity (financially & in sports). So besides meeting with creditors I'm focusing on the clubs publicity, by creating the most professional looking amateur club in the Netherlands.
